This is strictly a guide. Always check your owner's manual for specified Antifreeze / Coolant usage and requirements.

Color variation can occur when topping off a compatible coolant. Use of Prestone Command will not produce compatibility or protection issues when topping off a compatible coolant. Regular fluid monitoring using test strips or submitting samples to a certified testing lab is necessary to determine whether the coolant contains the appropriate level of inhibitors.

\* Application: Automotive (A), Heavy-Duty (HD)

## Premium Heavy Duty Antifreeze/Coolant

### PRESTONE COMMAND® HEAVY DUTY NITRITE FREE EXTENDED LIFE ANTIFREEZE/COOLANT

**Prestone Command® Heavy Duty Nitrite Free Extended Life Concentrate and 50/50 Antifreeze/Coolant** are Organic Acid Technology (OAT) for use and compatible with ANY OAT Extended Life Heavy Duty antifreeze/coolant in ANY diesel powered commercial vehicle engine or stationary engine. Its advanced, patented formulation is a concentrated blend of premium long-lasting inhibitors to provide up to 600,000 miles / 12,000 hours\* of protection against temperature extremes, rust, corrosion, scale, and premature water pump failure.

*\*TOP OFF: Will maintain extended life protection when added to any OAT Extended Life antifreeze/coolant.*

**FLUSH AND FILL:** Receive protection for up to 600,000 miles or 12,000 hours with a complete flush and fill using Prestone Command Nitrite Free Heavy Duty Extended Life Concentrate.

### PRESTONE COMMAND® HEAVY DUTY EXTENDED LIFE ANTIFREEZE/COOLANT

**Prestone Command® Heavy Duty Concentrate and 50/50 Antifreeze/Coolant** are Nitrited Organic Acid Technology (NOAT) for use and compatibility with ANY NOAT Extended Life Heavy Duty antifreeze/coolant in ANY diesel powered commercial vehicle engine or stationary engine. Its advanced, patented formulation is a concentrated blend of premium long-lasting inhibitors designed to provide up to 600,000 miles / 12,000 hours\* of protection against temperature extremes, rust, corrosion, scale and premature water pump failure.

*\*TOP OFF: Will maintain extended life protection when added to any NOAT Extended Life antifreeze/coolant.*

**FLUSH AND FILL:** Receive protection for up to 600,000 miles or 12,000 hours with a complete flush and fill using Prestone Command Heavy Duty Extended Life Concentrate. Requires addition of extender (HD300) at 300,000 miles or 6,000 hours.

### PRESTONE COMMAND® HEAVY DUTY EXTENDED SERVICE INTERVAL ANTIFREEZE/COOLANT

**Prestone Command® Heavy Duty Extended Service Interval Concentrate and 50/50** have advanced corrosion protection technology. The pre-charged extended service interval (ESI) technology product is compatible with ANY conventional heavy duty coolant and ALL filter technologies. Prestone Command antifreeze/coolant can be used with ANY antifreeze/coolant in ANY heavy duty engine used in normal to severe duty cycles and extreme temperature conditions. These products will provide protection against freezing, overheating, cavitation erosion, corrosion, and scale & foaming without the need of in the initial fill and maintain extended service protection when added to any HD ESI antifreeze/coolant.\*

*\*Use HD200 Supplemental Coolant Additive, as required, to maintain your cooling system.*
